CRU

FACULTY COMMONS

Dear Friends,

A brief family update... Soon after the college year ends, our kids' schools wraps up as well. Josiah finished up 4th grade and most enjoyed learning about medieval history. He played his second season of baseball and learned to play the cello (he's pictured at his first recital earlier this month). Grace finished up 2nd grade and enjoys math the most. She picked up gymnastics again this Spring, while continuing to play the piano. And lately she's super excited about learning how to ride a bike. She loves crafts, as well as singing.

Wesley finished up being 3 years old and is ready to be 4—but not until September. He loves to pretend that he doesn't hear you or can't remember if he provoked his siblings or not. :) He also loves all physical activity: soccer, baseball, frisbee, dancing, and wrestling (i.e., run full speed at dad to tackle him, especially when he's not looking).

Judson turned 13-months old and really wants to play with the big kids. He's walking everywhere now and tries to do what his siblibgs do. They're (usually) careful with him and it's a joy to see them play together. He loves to play with blocks and throw his food.

A brief summer update.... The Lynn family will be local this summer doing a number of things. In regards to ministry, we'll host students in our home for weekly dinners and discussions on faith and life. We'll be utilizing insights from one of my all-time favorite books, *A Meal With Jesus* by Tim Chester. It's a great time for the whole family to be involved in the students' lives---our kids get to interact with energetic college students, and the students get a taste of the glorious mess that family can be.

Additionally, I (Jarrod) will be meeting personally with students, professors, and coaches for evangelism and discipleship, while also taking biblical counseling courses (www.CCEF.org) to become a more effective minister on campus.

A brief prayer request... Please pray Colossians 1:28-29 for us and our ministry, that *we would proclaim Christ, warning and teaching everyone with all wisdom, and that we present everyone mature in Christ. Pray we toil and strive for this, struggling with all his energy that he powerfully works within us.*

In His service with you,
Jarrod & Family
